

## Commitments of ArmeSFo CA concerning its Registration Authorities

This document defines the commitments of ArmeSFo CA in relations with its RAs. Updates and changes are possible. ArmeSFo CA will inform RA's about publication of a new version.

- ArmeSFo CA writes and publishes on its web page the detailed instructions for the users of organisation where RA is operating (<http://www.escience.am/ca/certreqs/>);
- ArmeSFo CA allocates a special field in the distinguished name (DN) of the certificates issued to End Entities (users, hosts, services) of organisation where RA is operating. This allocation must correspond to the valid at the moment of allocation version of the ArmeSFo CA Certificate Policy and Certification Practice Statement (CP/CPS) and is subject to modifications according to the modifications of the ArmeSFo CA CP/CPS. The naming scheme for each RA is explained in the instructions for users requesting certificates (<http://www.escience.am/ca/certreqs/>);
- ArmeSFo CA allocates on its mail server e-mail accounts for each RA. The certificate signing requests must be sent to these accounts for RA approval;
- ArmeSFo CA publishes the public information about RAs (names of personnel and contact details) on its web site;
- ArmeSFo CA organises periodical training and professional background check of the personnel of RAs;
- ArmeSFo CA notifies RAs about changes in CP/CPS and updates of other documentation published on ArmeSFo CA web page (<http://www.escience.am/ca/>).
